

DESIGNED FOR BEGINNERS
LIL ESQUIRE
WING SPAN: 41" LENGTH: 28"
CAD by Dave Fritzke - August 2009
Checked by Gene Rock - August 2009

MANUFACTURER'S NOTE:
The LIL ESQUIRE was designed for both the beginner and expert. We have combined ease of construction, minimum building time and excellent flying characteristics to bring you an R/C model that will perform well under all weather conditions. The Lil Esquire was designed with only one thought in mind - You the model builder.
