

Note:
To enhance flight characteristics of this model scale
an extra 1/8" wing station and 1/4" cap, as well as
doubled ribs are added from actual scale.

Opposite wing is assembled on reverse side
of this drawing. Plan may be rubbed with a
light oil to increase transparency.

NOTE TO THE MODELER:
All formers and ribs are shown
actual size to make "scratch"
building easily accomplished
from these plans and to
facilitate any repairs that may
be necessary.
